UPDATES FROM THE DIRECTOR...

You Asked, We Listened: Exciting Updates to Housing Policies and RA Procedures!

We value your feedback and believe in making meaningful changes based on what matters most to you. Over the past year, we've received insightful suggestions from many of you, and we're excited to share some of the updates we've made in response to your voices.

Updated Housing Policies

We've heard your concerns about various aspects of campus living, and in response, we've revamped several of our housing policies to better meet your needs. From updates to alcohol use / storage policies to additions to our weapons policies, we're confident that these updates will improve your overall living experience. You can find the full list of updated policies on the Housing website at <https://uas.alaska.edu/juneau/housing/policy/all.html>.

RA Procedures: A Fresh Approach

We're also excited to introduce changes to how our Resident Assistants (RAs) support you. Based on your feedback, we've updated RA training to focus on community building, conflict resolution, and mental health support. Throughout the year, you'll notice RAs engaging with residents, providing check-ins, and putting on programs that reflect the want for more engagement as a community. Our goal is to ensure that you feel heard, supported, and empowered to thrive in your home away from home.

Thank you for continuing to share your thoughts with us! These updates are just the beginning, and we look forward to seeing how these changes positively impact your time here.

If you have any questions or want more details, feel free to reach out or visit the updated policies section on our website.

Sincerely,
